WELCOME

The chairs of the 2019 EUGEO Congress, in conjunction with the Conference of Irish Geographers and on behalf of all in Geography at NUI Galway, extend a warm welcome to all to the 7th EUGEO Congress in conjunction with the 51st Conference of Irish Geographers, here in the west of Ireland – Galway City. The theme for the 2019 conference is *Re-Imagining Europe's Future Society and Landscapes*. The theme focuses on the centrality of the concepts of society and landscape within the Discipline of Geography and the importance of the relationship that exists between the physical and cultural landscape.

This conference will offer participants the opportunity to reflect on and re-imagine futures within the geographical boundary of Europe. The overarching theme will be reflected throughout the conference programme and themed fieldtrips. We hope that this broad and inclusive theme attracts a wide variety of geographers with a range of physical, social, cultural, political and environmental research interests.

ABOUT THE PROGRAMME

The theme for the 2019 EUGEO conference is *Re-Imagining Europe's Future Society and Landscapes*. This conference will offer participants the opportunity reflect on and re-imagine futures within the geographical boundary of Europe. The overarching theme will be reflected throughout the conference programme and themed fieldtrips.
